15.7 CUSTOMIZED BILLING AND MISCELLANEOUS BILLING SERVICES

15.7.1 TERMS AND CONDITIONS

- A. Summary Billing (SB) is a supplemental billing service that is offered to all customers for the same class of service. It provides for numerous accounts of a single customer to have their billing media consolidated under a single fictitious control account, and receive a single summarized bill or multiple summarized bills.
- B. As determined by the Utility, Northern SB region encompasses those accounts processed through the Utility's Sacramento accounting center; Southern SB region encompasses accounts processed through the Utility's Anaheim accounting center.
- C. Preferential Bill Date (PBD) as defined in Schedule Cal.P.U.C. No. A10.5.2,B.1 is a mandatory requirement when subscribing to SB service. The rates and charges associated with PBD service, as defined in PBD B.2. of this Schedule are not applicable; PBD is inclusive of the SB service offering. However, when a customer changes their PBD in an established SB account, all nonrecurring charges as defined in PBD Schedule Cal.P.U.C. No. A10.5.2,B.2 apply, except Utility initiated charges.
- D. Customers subscribing to SB service must select the same PBD for those accounts to be consolidated into one bill. The bill round date must be one of the standard bill round dates used by the Utility.
- E.
- F. Customers subscribing to SB with Magnetic Tape Billing, may receive the bill in both magnetic tape and paper format. Alternatively, they can choose to discontinue their paper bill. Customers who choose to discontinue their paper bill also have the option to receive the face page (front and back) and mandated bill inserts and messages by magnetic tape or other electronic means.

The customer cannot, however, include one single account into several different SB accounts. Each account must be consolidated into its own unique control account.
- H. If the original Magnetic Tape Billing is impaired due to tape related problems, a new tape can be furnished provided that the customer notifies the Utility within 20 days of receipt of the original tape. In the event that a new tape cannot be furnished, the Utility's liability is limited to the monthly recurring Magnetic Tape Billing charges as defined in Rates and Charges, SB item A.2.b.(1),(2) and (3) following.
- I. Customers may cancel established SB Service without penalty. Where a customer cancels and later reinstates SB service, all nonrecurring and recurring charges apply.
- J. Where a customer requests SB service on a one time basis, all applicable nonrecurring and recurring charges apply. The customer is required to pay minimum billing for service in accordance with Schedule Cal.P.U.C. No. A2.1.9.
- K. The SB customer is responsible for payment on all accounts summarized in accordance with the Utility's regular billing and collection practices. No. A2.1. A late payment charge will apply to SB service as defined in Schedule Cal.P.U.C. Nos. A3.1 and A2.1.
