22.1 NUMBER RETENTION SERVICE

A. DESCRIPTION

1. Number Retention Service (NRS) allows business customers the option of retaining their existing number(s) when changing within or between grades of service and/or from another Local Exchange Carrier if a number change is required. Calls made to the customer's retained number are forwarded to the customer's assigned number. This is transparent to the calling party.

Simultaneous calls to the retained number may result in a busy signal to the calling party. The customer of NRS has the option of subscribing to additional access paths to the assigned number at charges as set forth in C.1. following.

2. Definitions

- a. Primary Number - The first number of any business account when more than one number is billed together (commonly referred to as the pilot number). A separate bill is rendered for each primary number.
- B. Additional Number - Any number billed with a primary number such as lines within: 1) the same hunting group, 2) same prefix, or 3) same address.
- C. Sequential Number - A numerical series or grouping of telephone numbers that is continuous and uninterrupted. A sequential number range consists of no less than two numbers.

22.1 NUMBER RETENTION SERVICE (Cont'd)

B. REGULATIONS

1. NRS is offered on changes from Business Service or equivalent, PBX Trunk Service or equivalent, or Centrex Service or equivalent to Centrex Service, PBX DID-equipped Trunk Service, Supertrunk Service, or Primary Rate ISDN Service if a number change is required when:
 - a customer's existing service has telephone numbers in different prefixes and the customer wants to add these numbers to a new or existing service.
2. NRS is not provided with Foreign Exchange Service, Foreign District Area Service and Foreign Prefix Service as set forth in Schedule Cal.P.U.C. Nos. A5.1.4. and A5.1.5.
3. NRS is offered on changes from Centrex Service, Primary Rate ISDN, Supertrunk, or PBX DID-equipped Trunk Service to Individual Business Service, PBX DID-equipped Trunk Service, or Centrex Service if a number change is required.
4. NRS is offered on changes between Centrex Service and Business Trunk Line Service - DID equipped if a number change is required when:
 - a customer has and wants to retain less than 20 sequential telephone numbers.
 - a customer will be served from a different prefix from a different Local Exchange Carrier.
5. Rates and Charges for NRS are in addition to all other applicable rates and charges.
6. NRS may only be offered where the customer's retained number and terminating number are in the Utility's exchange where the customer's service was previously received and service is physically provided from the Utility's wire center serving that exchange.
7. The terminating telephone number may be changed at the customer's request at the charges for a change of telephone number as shown in Schedule Cal.P.U.C. No. A3.1.

B. REGULATIONS (Cont'd)

8. If the customer disconnects Number Retention Service, the retained telephone number associated with NRS may be changed to Individual Business Access Line Service, Business Access Trunk Line Service, Centrex, PRI, or Supertrunk at the customer's request at new installation charges as shown in this Schedule.
9. Listings in the directory serving the exchange in which the NRS service is located will be furnished as set forth in Schedule Cal.P.U.C. No. A5.6.1 and A5.7.1.
10. Number Retention Service may not be provided with 800 Service.
11. Customers subscribing to Centrex Service or Business Trunk Line Service - DID equipped, whose numbers are assigned out of the unique numbering blocks may keep their retained number(s) for a period of 12 months. At the discretion of the Utility, the NRS may be discontinued, depending on facilities and operating conditions, after the 12 month period.
12. NRS is available where facilities and operating conditions permit.
13. NRS may be offered to an end user of the Utility, provided that all other requirements of this tariff are met, when the end user customer of the Utility subscribes to Joint User Service described in 21.2 following, with respect to business service provided to another customer of the Utility, and wishes to retain the existing Utility telephone number(s).
14. NRS may be offered to an end user customer of the Utility, provided that all other requirements of this tariff are met, and all the following conditions exist:
 - a. the end user customer of the Utility currently subscribes to Joint User Service described in 21.2 following, with respect to business service provided to another customer of the Utility, as stated in 13, preceding, and
 - b. wishes to subscribe to a different Joint User Service with respect to business service provided to another customer of the Utility, and

22.2 JOINT USER SERVICE

A. DESCRIPTION

Joint user service is an arrangement whereby an individual, other than an employee, member or officer of the concern which is the customer or a firm, corporation or association shares in the use of a customer's business telephone service. The joint user is not required to occupy the same premises as that occupied by the customer.

A joint user is an individual or concern authorized by the Utility and the customer to share in the use of a customer's business telephone service.

B. REGULATIONS

1. A joint user may obtain separate telephone service from the Utility, in addition to or in lieu of the joint user service.
2. Applications for joint user service and for additional service, equipment or facilities in connection therewith, must be made by the customer and the customer is responsible for the payment of all charges incurred thereunder. Any billing or service disputes by joint users shall be taken up with the customer, not with the Utility or the Commission. Only the customer of the Utility shall have standing to file billing or service disputes with the Utility or the Commission.
3. Regulations that apply to the services and equipment provided on the premises of a customer will also apply to a joint user of these services where furnished to the Utility's local loop demarcation point.
4. The rates in D. following, apply in addition to the rates and charges for the facilities and all other service provided. The minimum charge for joint user service shall be the monthly rate, for each joint user location. If the listing is included in the telephone directory, the service shall be paid for until the end of the directory period unless the joint user vacates the premises or "customer location" on which the service is provided or the customer's service is discontinued or the joint user becomes a business service customer in the same exchange and requests discontinuance of joint user service.

22.2 JOINT USER SERVICE (Cont'd)

B. REGULATIONS (Cont'd)

5. Joint user service is not furnished in connection with residence telephone service. Business service may be extended to a residence premises, at the applicable Business rates and charges.
6. Directory listings will be furnished in connection with joint user service in accordance with the tariff provisions applicable to directory listings.
7. In addition to the preceding regulations, the Shared Tenant Service guidelines set forth in Decision No. 87-01-063 dated January 28, 1987, as modified by Decision No. 87-05-009 dated May 13, 1987 are applicable.

C. TERRITORY

Within the exchange areas of all exchanges as said areas are defined on maps filed in Section G2.

D. RATE REGULATIONS

1. Charges for Joint Use are in addition to all of the applicable rates and charges for the service to which Joint Use applies, as identified in Section E, following.
2. The minimum period for Basic Joint Use Service is one month. The minimum period for Joint Use Rate Stability Plan is three years.
3. For Basic Joint Use Service, a customer must order a minimum of 50 lines of Centrex with Joint Use to a single building.
4. For a Joint Use Rate Stability Plan, the building to which a customer places an order for this service must already have facilities to serve a minimum of 50 lines of Centrex, or, where there is a lack of facilities, the customer must place an order for a minimum of 50 lines of centrex with Joint Use, or the customer may order facilities to be placed under Special Construction as described in Schedule Cal.P.U.C. No. 175-T, Section 15.

22.2 JOINT USER SERVICE (Cont'd)

D. RATE REGULATIONS (Cont'd)

5. A customer ordering a Joint Use Rate Stability Plan must maintain a minimum (N) of 50 lines of Centrex service with Joint Use, and must also subscribe to one of the Utility's Value PromiseSM plans described in G10, preceding. In the event the number of customer Centrex lines with Joint Use falls below the minimum threshold at any one building, the Joint Use Rate Stability Payment Plan shall be deemed immediately terminated and any remaining Centrex lines with Joint Use shall revert to the rates and charges for Basic Joint Use Service. In addition, the customer shall be charged a termination liability fee of \$100.
6. For customers that subscribe to a Rate Stability Plan, the monthly rates in effect for Joint Use at the time the service is installed will not increase during the payment plan period.
7. A customer may choose to renew a Joint Use Rate Stability Plan at any time without penalty as long as all of the minimum requirements are maintained. (N)

B. REGULATIONS

1. Off Premises Service - Same Exchange

- a. Mileage rates are applicable in connection with extension services, PBX stations, telephone answering equipment stations, automatic call distributing service lines or key equipment stations, excluding secretarial lines, located off the premises on which the primary service is located and within the same exchange or district area, except as otherwise provided.

Mileage charges are in addition to the other rates applicable to the service involved.

- b. When any line involves more than two terminals, the rate will be computed separately for each leg. The number of legs on which the total charge is based will be one less than the total number of terminals but must include all terminals involved.

The total mileage to which the mileage rates are applicable, is the combination of leg mileages computed in whole quarter miles. This gives the least total.

- c. No mileage charge is applicable to an extension service from an off-premises extension service, PBX station or telephone answering equipment station located on the same premises as that off-premises extension service, PBX station or telephone answering equipment station.
- d. In this schedule "terminal" means a station, PBX switchboard, telephone answering equipment, customer premises automatic call distributing service common equipment or key equipment to which the off-premises line is connected.
- e. The following rates and preceding regulations are equally applicable to Utility-provided or customer-provided equipment and systems, with the following exceptions:

- (1) The customer is responsible for the provision of lines between terminals associated with customer provided terminal equipment or between customer provided multiline terminating systems and customer provided terminal equipment or between terminals associated with customer provided terminal equipment or multiline terminating systems in different buildings on continuous property within or beyond 300 feet. The Utility may provide additional labor at the customer's request and expense.

2. Off Premises Service - Contiguous Exchange¹

Mileage rates are applicable in connection with extension service, PBX and telephone answering equipment station lines, excluding secretarial lines, located off the premises on which the primary service is located and in an exchange area contiguous to that in which the primary service is located or where there are district areas in a contiguous or a noncontiguous district area within the same exchange.

Mileage charges are in addition to the rates applicable for such stations on the same premises as the primary service.

3. DID/IOD - Noncontiguous Exchange

Mileage rates are applicable in connection with PBX station lines of a Dial PBX service that is arranged for Direct Inward Dialing (DID) and/or Identified Outward Dialing (IOD) where the PBX station lines are located off the premises and in an exchange area that is noncontiguous to that on which the customer's attendant position or dial switching equipment is located.

Mileage charges are in addition to the rates applicable for such stations on the same premises as the primary service.
