Dear PUC

June 16 2017

In a Word Frontier Communication is a NIGHTMARE. We have twice gone without internet for weeks. When it's working it slows way down so you haft to wait sometimes for hours for it to work. Then its usually very slow. Please Help us by allowing Race Communications to give us Internet Service. This is a hearing you are having on June 29, 2017.

Thank You for your Consideration! William Tuck
