**Exp in Digital Literacy:** BRIDGE's partner, Community Technology Network (CTN), has seven years of experience providing digital literacy education and consultation in the Bay area. CTN provides 10,000 hours of training annually at 30 organizations serving low-income individuals.

**Project Name:**

**Project Location:**

**Street**

**City**

**State/Province**

**Zip/Postal Code**

**Rural?**  **Number Units:**

**Current Wired:**  **Number Residents:**

**Funds Requested**

**Grant**  **Loan**

**Budget Detail:**

**Total Budget**  **Grant Total:**

**Matching Funds:**

**Adoption Activities:**

The project will begin with a needs assessment to determine current utilization. Training will begin with a two-hour introductory course, followed by targeted four-session courses.

**Curriculum:**

CTN has established curriculum targeting a variety of topics, including introductory computer and internet usage, internet safety, job search, and others. It continually updates its curriculum using shared material from other digital literacy providers.

**Provided Devices:**

New laptops will be available for use during training. The first 30 residents who attend 8 hours of training will receive a voucher toward the purchase of a refurbished computer from ReliaTech. These newly refurbished devices come with a six month warranty.

**Economic Lives**

10 Laptops, useful life of six years; one laptop cart, useful life of 10 years; portable projector, useful life of 10 years; 5 portable desk/tables, useful life of 20 years; 12 chairs, useful life of 20 years.

**Details:**

**Wiring to be done:**

All units are wired.

**Training Hours:**

Over the 12 month period, 96 hours of training will be available. Training will be tailored toward needs identified through the initial needs assessment.

**Training Location:**

Training will be held in the Community room; BRIDGE will use a rolling laptop cart and tables to provide the training. The Community room is centrally located and very visible to residents passing by.

**Technical Support:**

Technical support will be provided within 48 hours of calling through ReliaTech. Twice a year, ReliaTech technicians will come on-site for a free tech support day. Residents can bring their devices in need of repair or upgrade to the community room.

**Adoption Activities:**

This project has two components that include outreach and training. First, outreach will be conducted by an outreach coordinator for 2 hours per week. The outreach coordinator will go door-to-door handing out flyers that describe the class topics, location, and times. The outreach coordinator will hang banners, place poster in key locations around the building, hand out flyers at community events, and calling residents to inform them of the classes. Second, an experienced and trained instructor will provide weekly computer literacy training for 2 hours per week. The instruction will include handouts, demonstrations, and supportive feedback.

**Curriculum:**

2 hours of training will be provided for each topic. Below is the title of each topic and a brief description

- Basics of Computers. Hardware, software, peripherals, and basic computer skills
- Internet Basic. Types of networks, world wide web, types of connection, URLs, and popular web browsers
- Internet Safety and Cyber bullying. Safeguarding identity, computer and password security, and personal privacy.
- Google Email. Obtaining an email account, sending and receiving emails, email etiquette and safety, online phishing
- Google Docs. Signing in to Google Docs, creating and managing and sharing files, printing
- Google Maps. Purpose of Google Maps, basic mouse manipulations, getting directions, and features of google maps

**Provided Devices:**

No devices will be provided to the resident. Instead a mobile computer lab will be brought to the location and parked adjacent to the building.

**Economic Lives**

15 Desktop Refurbished Computers,
